I'm happy to announce that PyRx has made into Chemical & Engineering News. Please refer to the following publication if you'd like to cite PyRx in your article:

- L.K. Wolf, C&EN 87, 31 (2009)

Also, I'll be presenting PyRx during Virtual Screening & Computer Aided Drug Design training session at the Summer Institute organized by National Biomedical Computation Resource (NBCR). Here is a link to the outline titled Getting Started with PyRx.
